

February 2020

The Genesis Employee Foundation would like to share a heartfelt story about a Genesis team member who you have provided assistance to during a very difficult and unexpected time in his life.

Thank You!

Meet Nouba who is a CNA at Mesa Manor in Colorado. Nouba's brother passed away unexpectedly in Chad, Africa. After sending money to his family to assist with his brother's medical bills and funeral expenses, he did not have any funds available to travel to attend his brother's memorial service. In addition to his job as a CNA, Nouba is also a full-time nursing student and the sole provider for his wife and six children, leaving little opportunity to "save money for emergencies." GEF was able to assist Nouba with his travel expenses to Chad to be with his family. To show his gratitude, Nouba wanted to share a photo of this special moment with his family in honor of his brother.

In his words, *"I was amazed. I am so grateful for your financial help. I was able to honor my brother and see my family that I saw last in 2011. My biggest concern now is to finish school, take my nursing board and work as a nurse at Genesis Mesa Manor. Hopefully, I will be able to care for my own family and also help my brother's wife and children until they grow up. My late brother and I were the only ones helping, but now I am going to have my hands full for a while. Thank you very much!!"*

DID YOU KNOW...

GEF will be celebrating it's 15th Birthday this Year!
