Kindness  
*is*  
contagious

*"Hi! My name is Lisa. I am a Recreation Assistant in Southern New Jersey. I have loved being a member of a great team of Genesis professionals over the past 19 years and strive daily to make a difference in the lives of others and the residents I serve.*

*Recently during the pandemic, I tested positive for COVID-19 and suffered a personal loss that has been so difficult for me. I have lost both of my parents within one week in May. This was exceptionally hard since I was very close to my parents. I would stop in the mornings for a quick breakfast with them and arrive after work for a dinner outing or dinner at home. We would often spend time together doing fun things like visiting family, antiquing, going to Church, and shopping. It was during this trying time that the Foundation and you showed me great kindness and assisted me with my parents' funeral expenses. Thank you so much."*
